[ON OUR COVER]

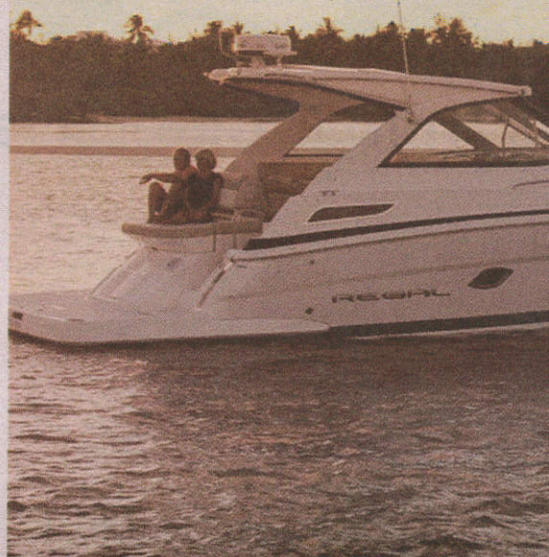

While its competitors are playing checkers, the 35 Sport Coupe is playing chess. Tired of canvas? The 35 Sport Coupe features the undistorted view through glass. Like a hardtop but don't want to always exclude the sun? The push of a button retracts the convertible top. Hot summer days forcing you in the cabin? The 35's optional cockpit AC helps you keep your cool. With all the amenities of a 50 foot yacht in a 36 foot package – check and mate.

With her shining feature being the ability to convert the hard top electronically with the push of a button...why would you expect the advantages to stop there? The list goes on. Above deck design advantages include a single level cockpit sole, optional cool cockpit for year round enjoyment of the cockpit area, aft euro sun pad for lounging, upgraded marine hardware, swim platform cleats and a walk through windshield to the fore-deck sun lounge.

Plan to be just as impressed by her cabin amenities. Versatility is the common thread of the features below deck. The bamboo hardwood flooring is a refreshing alternative to the laminates used by competitors. Space is abundant with sleeping accommodations for six people and an open floor plan for seating just as many comfortably. You won't feel "crammed" below in the cabin for one second.

To see the 35 Sport Coupe along with other impressive models from the Regal line up, visit South Shore Marine in Huron, Ohio. For full details on this and all of our in stock models, visit www.SouthShoreMarine.com.
