2015

## SURF SERIES

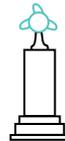

With an all-new Surf system controlled by the RegalVue display, the ultimate custom wave experience is born.

2016

## BOAT OF THE YEAR

Boating Magazine awarded the Regal 29 DBX as Boat of the Year and stated, "it exceeds almost every measure by which one might judge a bowrider or day boat."

**1 LED COCKPIT LIGHTING**  
Turn on the blue LED cockpit lighting and be the talk of the dock, both day and night.

**2 IN-MOLD GELCOAT BOOTSTRIPE**  
Tastefully accent your boat with superior strength compared to taped bootstrips.

**3 HANDCRAFTED CABINERY**  
The hand-crafted cabinetry is rich, elegant and reminds you of why you bought a Regal.

**4 PREMIUM UPHOLSTERY DESIGN**  
Regal offers beautifully detailed upholstery that combines style and comfort.

**5 HAND-STITCHED STEERING WHEEL**  
Our steering wheels are hand-stitched for quality, design and comfort.

**6 FRENCH STITCHING**  
French Stitching not only enhances the look of your upholstery, but the strength as well.

## CRAFTED WITH CARE BY PEOPLE WHO CARE.

Crafting a world-class product is more than just a job to us; it's what we pride ourselves in. There is a certain satisfaction that can only be found in creating something out of nothing. What we do not only lifts our spirits but emboldens us to take new chances. We continue to innovate and strive to achieve new levels of excellence because it's what we love to do.

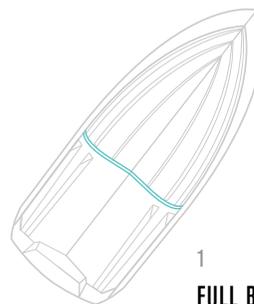

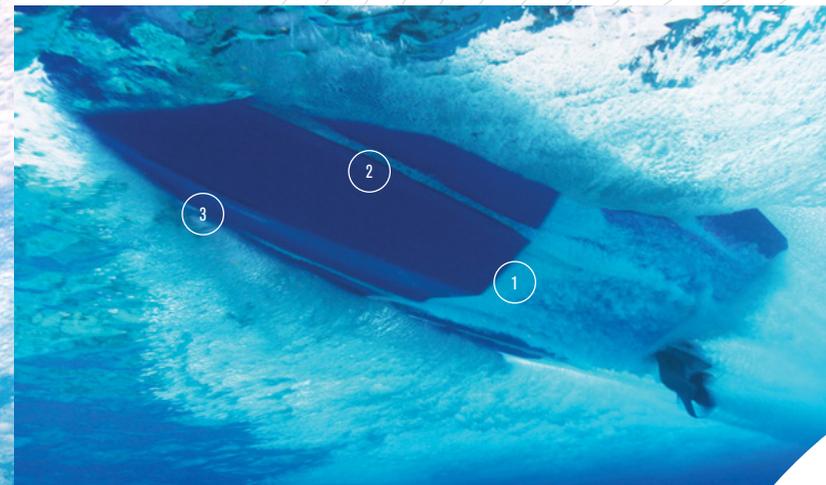

**FASTRAC  
HULL**

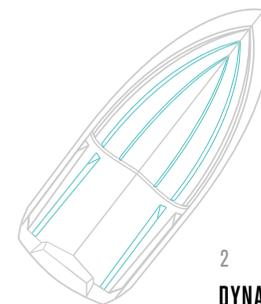

## UNPRECEDENTED EFFICIENCY REMARKABLE SPEED.

One of Regal's greatest engineering achievements occurred in 1995, the FasTrac hull. This patented and award-winning design has been thoroughly refined, proving its excellence year after year. At the heart of this marine marvel is our full-beam step. When combined with an aerated bottom, friction is dramatically reduced, allowing the boat to glide effortlessly on the cushion of air created between the hull and the water's surface. The result is up to 26% faster speeds and 30% better fuel efficiency. On paper, those numbers are impressive. On the water, they're absolutely astounding.

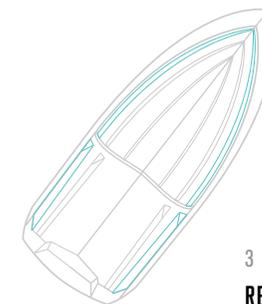

### BENEFITS OF THE FASTRAC HULL DESIGN

1  
**FULL BEAM

2  
**DYNAMIC  
LIFTING  
STRAKES**

3  
**REVERSED  
CHINES**

## 26% FASTER SPEEDS

Regal's innovative full-beam step is engineered to channel air under the hull, reducing drag and friction. This results in unprecedented 26% faster cruising speeds.

## 30% BETTER FUEL ECONOMY

The FasTrac hull allows for smaller engines, providing better fuel efficiency while still out-performing competitors with larger engines.

## EXHILARATING HANDLING

The deep V hull, dynamic lifting strakes and reversed chines provide outstanding handling, even in choppy conditions.

## REGAL ADVANTAGES

Regal enhances your boating experience with the unparalleled design and innovation of the Outboard series. Voyage to new destinations in confidence with the capability of outboard power, while generous storage space integrated into the luxurious interior makes your journey truly special. Discover what's possible with the smart and versatile features engineered to redefine boating.

## EXPANSIVE STORAGE

We designed every inch of every Regal for maximum capacity and expansive storage space. The Regal OBX Series is no different. Thanks to the extra space provided by the outboard engines we are able to add a massive lazarette storage space on every OBX Regal we design. Not to mention, storage under nearly every seat.

# SAME PLATFORM. DIFFERENT POWER.

Along with the possibilities and unique capabilities of sterndrive, outboard or surf power, you will enjoy more activities, reach more destinations and make more memories -- all with the platform to best fit your needs and taste.

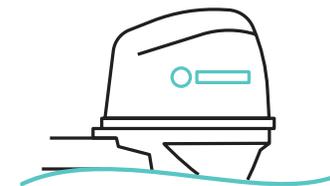

\* Power options vary by model

## CHOOSE YOUR POWER

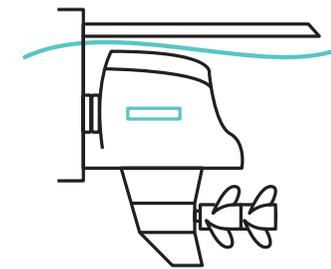

# OUTBOARD POWER

Yamaha outboards provide the freedom to bring the entire family on whatever adventure you embark on. Journey to shallow waters, enjoy ease of maintenance and additional storage on your Regal OBX.

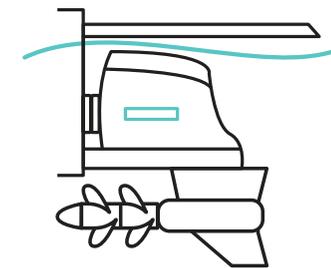

# STERNDRIVE POWER

Regain your space when choosing sterndrive power. With a clean and open transom you will have easy access to the water, a true win for boaters who feel that land is too dry.

# SURF POWER

Uniquely engineered forward-facing counter-rotating props pull the boat through the water rather than pushing it. Forward Drive provides boaters with new, unmatched levels of versatility, enhancing just about every use of the boat, from cruising, to performance, to all types of water sports.
